1. Prepare for the unexpected in everyday life

2. Be creative with everyday items
   Carry helpful things with you at all times, such as a sharpie marker or flashlight keychain

3. Stay alert when walking alone
   Do not wear earbuds or headphones. Walk with a buddy at night or call Campus Safety Walking Escort at (215) 777-9255.

4. Don’t forget essentials when leaving the house
   Have a water bottle and granola bar in your bag. Make sure your phone is fully-charged and have a charger/portable battery with you in case your phone dies.

5. Carry extra money
   Always have a little extra cash with you in case of an emergency. Extra money in your wallet or some change in your car may come in handy.

6. Always have an exit strategy
   The unexpected can occur at any moment. Be aware of your surroundings and know how you would exit or respond if something happens.
