

Happy
Halloween

Safety Tip #1

Wear a costume that promotes
your ability to see or run.

Be cautious when approaching strangers
in costume as some people may take advantage
of being unrecognizable
and you may need to make a quick exit.

Safety Tip #2

Pay attention to your surroundings.

Do not allow others or electronic devices
to distract you when walking.

Safety Tip #3

Trust your instincts.

If you feel alarmed, scared or creepy in any situation, go with your gut.

- If you see something **spooky**, contact local authorities immediately.

Safety Tip #4

If you plan to go out, go out with people that you know and trust. Avoid being alone or isolated with a vampire -- or any creature -- who you don't know or trust.

Return home with the same people you went out with and walk in well-lit areas.

Safety Tip #5

Watch out for your friends, and don't be afraid to intervene if a situation appears to be scaring your friend or is frightening you. If your friend seems too drunk or is acting abnormally, get him or her to a safe place immediately.

Safety Tip #6

Sometimes there are **strange brews** out there so make sure you watch the drink being prepared and never leave it unattended.

Safety Tip #7

Be considerate and respectful
of everyone's right to live and feel safe
and comfortable in the community.

Safety Tip #8

No tricks... just treats!
Promote respect for everyone
during this Halloween season.

Have Fun
and be Safe!
